

NATIONAL KENNEL CLUB OBEDIENCE TRIALS

PURPOSE: To promote the purebred dog and mixed breed dog as a well-behaved companion, at home and in public, through the sport of obedience.

GENERAL RULES:

1. Any breed or specialty club may register with the NKC and hold a trial.
2. Competition is open to all purebred dogs registered with the NKC. Mixed breed dogs may also compete, provided they are spayed or neutered and register with NKC. Dogs must have current vaccinations.
3. Competitors may pre-register prior to the day of the show or register on the day of the show. Registration will close 1 hour before competition starts.
4. Bitches in season may not be shown.
5. Dogs that are blind may not compete. A deaf dog may compete with the decision of the judge that the handler has control of the dog. A lame dog may compete if the handler can show, with a written document from a veterinarian or rescue organization that the dog is not in pain and can safely compete.
6. Selection of Judges: Anyone may stand as judge so long as she/he has the confidence of the host club and is registered with the NKC as a judge.
7. Judges may show their own dogs at a trial. Another judge must judge his/her entire class. The judge has complete control of the ring. The judge may excuse from the ring any dog he/she feels aggressive, fearful, dangerous or physically unable to compete. He/she may dismiss from the ring any handler or dog that interferes with another handler or dog, is abusive in language, or mistreats his dog.
8. Qualifying scores will be decided on the judge's idea of a perfect example of the exercise. Each competitor will start with 100 points and the judge will deduct, by 1/2 points, any flaws in the team's performance. A qualifying score is 70 or above. A perfect score would be 100.
9. Ring will be enclosed and of a size to safely allow for the jumping exercises. It will be clean and level and indoor rings must be matted. Recommended dimensions are 40 ft. x 50 ft.
10. The team will start all exercises from the heel position. The heel position is the dog on the handler's left side facing the same direction as the handler. The dog will be close but not crowding the handler. The dog will be in the heel position sitting, standing or lying down.
11. Leashes and collars may be leather or nylon or chain. Length of leash must allow a loose loop between dog and handler. Training collars may be worn in Beginner Class and a flexi-lead may be used for the recall.
12. Petting, praise, encouragement is allowed between exercises. The team should be relaxed and having fun.
13. A dog that refuses a command and is disqualified, upon request of the handler, may ask to have the leash back and continue as training exercise.

Classes for Veteran (dogs over 7), Team (2 or more handler and dog teams) and Brace (2 dogs competing in unison) may also be offered.
