

Breed Standard for the American Eskimo Dog

General Appearance:	It is compactly built, slightly longer than tall.
Head:	Black lips, nose, and eye rims; softly wedge-shaped head; erect, triangular ears.
Coat:	The stand-off, double coat resists soaking and provides insulation against the cold.
Color:	White, or white with biscuit cream
Size:	Weight: Standard 20 – 40 lb; Miniature 11- 20lb; Toy 6 – 10lb Height: Standard 15 – 19"; Miniature 12- 15" Toy 9 – 12"
Temperament:	Bright, eager to please, lively, and fun loving – in short, an enjoyable and generally obedient companion.
