

## **Breed Standards for the American Foxhound**

General Appearance:	The American Foxhound is slighter of bone and higher on leg than the English Foxhound, with more rear angulation and arch over the loin.
Head:	Stop moderately defined; head fairly long, broad back-skull; fairly low-set, broad ears
Tail:	Carried gaily, but not over the back; slight brush
Color:	Any
Size:	Weight is 21 – 24 lb; Height is 22 – 25 in
Temperament:	It is a tolerant, amiable, and gentle dog, even though it is not very demonstrative.
