

## **Breed Standards for the Bichon Frise**

General Appearance and Coat:	Bichon derives from its double coat, with a soft dense undercoat and coarser, curly outer coat, causing the coat to stand off the body and even spring back when patted.
Head and Neck:	Round, dark eyes, drop ears
Front Quarters:	Round feet
Hind Quarters:	Plumed tail curved over back, moderate tuck-up
Special Characteristics:	White, may have cream shadings
